SUMMARY

Artificial Intelligence and Data Sciences graduate with knowledge of Java, python, SQL, HTML, CSS and Manual Testing concept including SDLC & STLC. Hands-on experience in machine learning and web development projects. Seeking an opportunity to apply my technical knowledge, analytical-solving skills to develop impactful software solution.

TECHNICAL SKILLS

- **Languages:** Java,Python
- **Frontend:** HTML,CSS, JavaScript
- **Databases:** Basic SQL
- **Testing:** Manual Testing , SDLC , STLC
- **Tools:** Android Studio ,Canva, PowerBI
- **Version Control**: Git,GitHUB

PROJECTS

- **Intelligent Elective Subject Selection System** **(2026)**

  Developed a web-based platform for students to select electives online, with role-based access for Students, Teachers, HODs, and Principals. Automated subject allocation, approval workflows, and performance tracking to improve academic management.

  Role-Frontend Developer- Developed/Design responsive web pages using HTML & CSS .

  Technologies: Java, MySQL, HTML, CSS, JavaScript.

- **Fake News Detection using Machine Learning** **(2026)**

  The project aims to Fake news detection is the process of identifying whether a news article or statement is real or fake using machine learning Algorithms.

  Role-Machine Learning Developer- Built a machine learning model to classify fake and real news using python.

  Technologies: Python, Google Colab, Kaggle's Dataset

INTERNSHIP

- **EISystems (Robokwik): Data Science** **Jan 03 – March 05 , 2025**

  Successfully completed the 2-month virtual Data Science internship by Robokwik.com (EISystems Services), hosted on the AICTE National Internship Portal, including self-paced training, assessments, and a final project.

ACHIEVEMENTS

- SIH 2025 Finalist – Built a Smart Education solution using Autodesk tools.
- Participation on GENAITHON Sponsored by Winjit.

CERTIFICATIONS

- **ETHNUS Technologies : 21 Days to Java Training** **Jun 09 - Jun 29,2025**

  Successfully attended and completed the Java training conducted by ETHNUS, organized by PVGCOE.

EDUCATION

- **PUNE VIDYARTHI GRIHA'S COLLEGE OF ENGINEERING & SSDOM** **9.10 SGPA (2026)**

  Bachelor's of Engineering Artificial Intelligence and Data science

- **S.N.J.B POLYTECHNIC, CHANDWAD** **80.91% (2022)**

  Diploma Computer Technology

- **Secondary School Certificate — Maharashtra State Board** **77.80% (2019)**

ACTIVITIES & INTERESTS

- Sketching ,Random Clicks, Video Editing
- Student Training and Placement Coordinator | PVGCOEN
